

Jackie's **STORY**

“Hi my name is Jacqueline Hudson. On November 15, 2018, I decided to turn my life over and check myself into rehab. After I completed 28 days, I went to a recovery home. I met nice women in the recovery home and some of them became good friends of mine. I attended classes to understand my addiction and recovery and I also went to NA and AA meetings where I met lots of interesting people that help me with my recovery.

I would like to thank one important person that helped me, Miss Shells. I called her for help when it was time for me to move out of the recovery home, she said, “Call Catholic Charities and they will pay your first month's rent. When I call Catholic Charities I met Tiffany who helped me with my application. I had to go through a lot of paperwork and when Tiffany and I thought we were done with the paperwork, there was more paperwork that had to be done LOL. We finally finished and the apartment was mine!

With the grace of God and other people in my life which include; my sponsor Miss Carolyn, Miss Jocelyn, Dr. White, Miss Shells, Pastor Powell, Tiffany from Catholic Charities and my family, I would not have succeeded in my goal to have my own apartment. I'm taking it one day at a time and I'll keep coming back. Thank you Catholic Charities.”
